

FUEL AND DEF STORAGE – TRANSPORTABLE

ABBI BLUE

395 Gallons (FUEL) – 42 Gallons (DEF) / 1,500 Litres (FUEL) – 160 Litres (DEF)

The Abbi Blue 15ART-BLU is a fully transportable storage tank that combines the benefits of fuel and diesel exhaust fluid (DEF) into one mobile unit.

With separate compartments for fuel and DEF to maintain purity, the Abbi Blue enables safe and efficient refueling of tier 4 vehicles and machinery.

FEATURES

FUEL EQUIPMENT CABINET

Integral equipment cabinet that secures all equipment and ports while capturing any accidental drips or spills.

ACCESS MANWAY

Allows access to inner tank for easy routine maintenance and inspection.

DEF TANK AND EQUIPMENT CABINET

Fully enclosed cabinet that houses and protects your DEF and dispensing equipment.

DOT APPROVED

The Abbi's fully galvanized trailer is fully compliant with DOT standards and features backlights and electric brakes.

DOUBLE WALLED, 110% CONTAINMENT

Weatherproof secondary containment ensures safe and environmentally compliant transport and storage.

INTERNAL BAFFLES

Designed to maximize stability and safety when handling the tank full of fuel.

FORKLIFT POCKETS

Quick and easy maneuvering when detached from trailer.

H15ART-BLU-EB
395 GAL (FUEL) / 42 GAL (DEF)
1,500 L (FUEL) / 160 L (DEF)

APPLICATIONS

FUEL AND DEF SUPPLY ON CONSTRUCTION SITES

The Abbi Blue's dual capability enables quick onsite refueling of tier 4 machinery, decreasing downtime and increasing productive hours.

FUEL AND DEF TRANSPORT

Meeting multiple worldwide transport regulations, the Abbi Blue can safely transport fuel and DEF to and from job sites or your facility.

THE ABBI BLUE ADVANTAGE

MAINTAIN PURITY

With DEF's susceptibility to contamination, the Abbi Blue's separate poly tank and pump cabinet provide a closed environment for the fluid to be stored and eliminates the worry of cross-contamination. Keeping your DEF pure will avoid any unnecessary downtime or machinery failures keeping your project or operations moving forward.

SPEED UP REFUELING TIME

The Abbi Blue's dual purpose capability eliminates the need for separate fuel and DEF storage units. Its all-in-one design and proven mobility enable faster refueling when handling both fluids. Less downtime means more productive hours supporting project deadlines.
